**SPECIAL
CHRISTMAS
EDITION**

Christmas

MORE than two thousand years ago, three Wise Men followed the Star of Bethlehem to a manger . . . the humble birthplace of Him who was to bring a new spirit into the World . . . the spirit of "Peace on Earth, Good Will to Men." Today, as in all the years between, that spirit

lives on in the hearts and minds of all mankind . . . calling us to church on this, our Saviour's natal day . . . to lift our voices in those beloved old Christmas hymns and carols . . . and lift our hearts anew with the courage and hope of His message.

*The management and staff of the HALIBURTON COUNTY ECHO
take this opportunity to wish everyone a
VERY JOYOUS CHRISTMAS . . .*

Christmas—Then and Now

IN THE old day they used to celebrate Christmas with wassail, punch and the flowing bowl—and a sore, sore head in the morning. First, there was the Yule log, a great billet of wood, cut in the forest on Christmas eve, and dragged into the great hall by shouting servants to lend both light and heat to the mad revelry which greeted the dawn of Christmas morning.

Great bowls of punch were made ready to await the onslaught of mighty drinkers. Holly and mistletoe hung from the great chandeliers and boughs of evergreen decorated the walls. The tables almost bent under the weight of eatables which would make modern doctors turn green with horror. And the merry-making did not end until the last man disappeared beneath the table.

Such, however, is no longer the vogue. Since that time, Christmas has become more and more a time of family gatherings, more and more a season of the heart, more and more an intimate touching of hands and a turning back of memory, more and more a delightful affair of the home. We grown-ups enter more intimately with the children into the spirit of the season.

While Christmas has changed its methods of expression by the grown-ups, it never changes for the children. To us, it is true, it may still be a time of prayer, a time of remembrance, a time for sadness and rejoicing, a time of rest, but to children it is still the surprise-packet of all the year, on which enthusiastic little minds are concentrated for days and weeks in wonderful, fanciful thoughts.

And, talking about enthusiasm, one of the oddest things about the joyful season is the way people act. Even the crustiest get mellow and kindly during Christmas week. They think well of their fellow humans, forgive them their trespasses and generally conduct themselves the way people should. As long as the Christmas tree stands in the front room they take on its gentle light, speak well of everybody and feel at peace with the world.

Then down comes the tree, the lint and pine needles are swept up, and the tree itself, now a withered evergreen is tossed into the empty lot, and with it often goes "goodwill toward men".

Yet there is a group of men to whom every day is Christmas, who nearly every minute practice the Golden Rule in their dealings with their fellow men, and because they do this, they prosper. We refer to men of business—not all men of business—but the great majority of them.

Day in and day out they do to their customers "as they would be done by". They give them full measure in return for their patronage. They are kindly, courteous and helpful the day long. Sometimes they even practice that most difficult of all teachings—they "turn the other cheek".

If the customer is rude, they endeavor to be polite; if he tries to get the best of them they must play their part with honesty and forbearance. And, in our opinion, nowhere is this application so noticeable as in Haliburton County. And so we say—Merry Christmas, gentlemen. God bless you every one!

**A Holiday Season Message
To The Motorist**

MR. MOTORIST—Once again the happy Christmas season is with us and our highways will be thronged with hundreds of cars bearing human cargoes, on their way to join relatives and friends in celebrating the birth of the Saviour.

An accident with its usual toll of death or suffering is a horrible thing to contemplate at any time but at Christmas when everyone is looking forward to meeting those near and dear to them, an accident can mean the tragic ending to a bright and cheerful homecoming.

"So Please", Mr. Motorist, use extra care and caution at this time when you drive. Care, courtesy and common sense should be your motto and if you drive, don't drink. If you do drink—don't drive. Let us all see to it that Haliburton County is free from accidents this Christmas.

A Christmas Song

Merry Christmas, Merry Christmas
The time is at hand
To spread joyful greetings
All over the land.

To the house that was David
Came joy Christmas Day
And the babe in the manger
Wrapped in swaddling clothes lay.

Chime the church bells, chime the church bells
Peel the bells loud and clear
Tell the glad Christmas Story
To Christians most dear.

Bring your white gift, bring
your white gift
To the church of your choice
Bring love for your neighbour
It's time to rejoice.

Read the Scripture, read the Scripture
Tell how wise men of old
Followed after the star
As it had been foretold

Praise God in the Highest
The angel host sang
Praise Him in the height
Glad Hosannas rang.

The shepherds abiding
Beheld a great light
Which led them to Jesus
That first Christmas Night.

"Sing the carols, sing the carols"
Raise our voices and sing
Choirs sing you your anthem
To the newly born king.

"Spread glad tidings, spread glad tidings"
A Saviour is born
Come worship the babe
On this glad Christmas Morn.

Letters to the Editor

R.R. 2, Minden,
Dec. 10, 1952.

Sirs.

The tourist like the last rose of summer has gone for another season and we in Haliburton County await his return with patience not withstanding the fact that we accumulate a fine coat of Patina in the meantime.

Having time on our hands we take devious ways of keeping ourselves occupied. Some of us become obstreperous, other rectilinear, and a few of us lugubrious. A large percentage of us while away the long winter days playing games, the old standbys are still in demand such as cards etc., but being an up and coming county we are always on the look out for something new to amuse ourselves. During the past year or two outlanders have introduced a new game to these parts called "Gimmie". A few of our more precious citizens saw the advantages of this grand old game and learned its subtle workings. This game called Gimmie has very flexible rules, it is not to be confused with bridge, etc. A person or persons can practically make his or her own rules just as long as you stick to the main essence of the game.

To give you an illustration, the Gimmie game can be played this way, a person walks into your place of business, and, starts the game off by saying quick like Gimmie 10, 15 or 25. When you have reached an extreme point of confusion the game takes a different twist and now the procedure is reversed, you are now known as the givee.

Some people have been known to belittle the game by thinking they were playing Counter Gimmie, which means nickle, dime and quarter, whereas your opponent meant a higher game called Lettuce (Ottawa style).

This particular game interests some people to such an extent that they become missionaries and devote their time travelling all over the country teaching the people the finer arts of the game. Then there is the Local Gimmie Game, although not so costly, still costs you plenty by the end of the year. The stakes are not so high at the time, well anywhere from a dime to a couple of bucks. This should be known as the refresher course until someone brings along the big game again.

This grand old game in some respects is unfair, that is we should all be introduced to it at the same. What I mean is, the householder should be on a par with the business house. The present way of playing is unequal. I am referring of course to the big game, the fault lies with the Gimmie people, they usually hit the cash register gang, and we feel pretty badly that we are not in it together.

As I said before this is quite a winter sport, but we the business people don't want to hog it all, so let's be sports, let our neighbor join in the spirit of the game. Let us all play and pay on an even stephen basis, or better still let's toss out the Gimmies and go back to cards and the King of indoor sport.

Signed,

"ACE OF SPADES".

**A Midnight
Surprise**

IT is a bleak experience to come up to Christmas Eve and have nothing for the children. Mrs. Brownwood had lost her husband a month or two before the festive season and, by the time accounts had been settled, she found herself in a precarious position, with three small children to care for. She soon secured work; her mother looked after the children, but it was a long grim struggle before the sun shone through again. That first Christmas she will never forget.

She was so confident something would come. Had not representatives of several organizations called on her and taken particulars of the names and ages of the children? But here it was approaching midnight Christmas Eve, the children "all nestled snug in their beds," but not a thing to adorn the rather bare tree she had managed to set up in the front room.

Tears slipped down the face of the widow as she saw her hopes fading one by one—not that she cared for herself but for the little ones; Christmas means so much to them, and the non-appearance of anything from Santa would, she knew, hurt their faith and do something to them that time would not efface.

Then a motor truck drew up at the curb. She hastily wiped her eyes and sat up. Could it be—?

The man seated by the driver was getting out, a man dressed in some sort of uniform. Who could it be? None of the organizations that had contacted her wore uniforms. The man was walking up to the door, staggering under the weight of a huge parcel. The light from the window shone on his peaked cap, and she caught the words, "The Salvation Army." A throb of gratitude touched her heart. The Army! How had they heard about her case? She knew none of the members had called on her. She opened the door, and a smiling officer showed her the season's greetings, and deposited the package under the tree. Then, with a "God bless you!" he was gone. Tears flowed freely as the widow tore off the wrappings so that she could hardly see the toys—one for each child—the clothing, and all the fixings for a good Christmas meal.

Her eyes were bright as she told me the story—now quite an elderly woman—an editor of a magazine on whom I had called for a favor.

"So is it any wonder that I never turn the Army down?" she concluded. "My boys grew up and went out into the world. Always, whenever the Army collector called, they would never refuse and would say 'You were the organization that gave us such a wonderful Christmas just after Dad died!'"

"But we never found out how the Army got to know about our plight." And as I thought that was the nicest thing about the whole affair—the delightful surprise of it all.—The War Cry.

Timber Management Meeting Held

The Lindsay Headquarters of the Department of Lands and Forests was the locale for a meeting of Timber Management Foresters and assistants of that area of the Province south of the Mattawa and rench Rivers.

Problems pertaining to forest inventory, growth studies, cut control etcetera, were thrashed out, the object being to standardize and improve developing procedures.

The Province's forest area comprises some two hundred million acres, made up of productive forest, marsh lands, barren and water. The Department's objective is to accumulate all vital information pertaining to the growth and harvesting of the timber resources with the object of sustained yield management. This is a colossal undertaking, hence the necessity of pooling the experience of all personnel so that relative information gained in one district may be applied in another.

The meeting was attended by Mr. J. F. Sharpe, Chief, Division Timber Management Toronto, with his assistants, and Forest Management staff from Algonquin, Parry Sound Quinte and Trent Districts.

The regular monthly meeting of the Executive Committee of the Victoria and Haliburton Liberal Association was held in Fenelon Falls on Monday.

Plans were made to have the annual meeting of the riding association take place in Lindsay on Saturday, January 24th.

The members of the executive appreciate measures which should insure the largest gathering of Liberals of recent years in this riding. Several cabinet ministers and senators have indicated their intention of attending together with Dr. Foster Graham of Fenelon Falls, the Liberal candidate.

Chimes To Be Dedicated

The music of Christmas interpreted by the chimes emanating from the newly constructed belfry atop the United Church in Haliburton has evoked much favorable comment.

As the music of these beautiful carols rings out over this fair village from time to time the true meaning of Christmas cannot but help be brought home to us all.

These chimes are the gift of the late Ernest B. Roberts and they will be formally dedicated at the evening service of the United Church on Sunday, December 28th.

A cordial invitation is extended to all citizens to be present at this occasion.

Cambray vs. Huskies Saturday Night

The Haliburton Huskies held their first workout of the season on Sunday afternoon at the Haliburton Community Arena.

Practically all of last season's team was on hand for the drill. Manager and Coach Jack Austin had the boys going both ways in a hurry up job to get them in condition for the opening game which is to be played at Haliburton this Saturday night. Three new players were out to try to catch a place on the team. They were Bill Litchfield, Goody Rosen and a goal keeper who is now working for the CNR. The only casualty of the workout was Joe Iles who had to retire to the dressing room with a back injury received when he fell on the ice. The first game of the Tri County League will be this Saturday night when Cambray will be the visitors on Haliburton ice.

United Church Christmas Tree

The Haliburton United Church Sunday School held their Christmas Tree on Friday evening last with a large crowd in attendance.

The Pastor, Rev. T. V. Rutherford was chairman.

The short but interesting and enjoyable programme consisted of the following items.

Away in a Manger, Junior Sunday School.

Duet, Brenda Watt and Margory Henderson.

Recitation, Arlene Green.

Song, Diane Kellett.

Playlet (Mother Goose) Primary Classes.

A Christmas Song, Lois Ann Pearsell, Caroline Watt and Joanne Roberts.

Song, Mrs. Chambers' Class.

Duet, Rudolph the Red Nosed Reindeer, Sharon Johnson and Moira McLaughlin.

Silent Night, Sheilla Curry and Lynn Holland.

Play, Why the Chimes Rang, Senior Sunday School Pupils.

While the items on the programme were greatly enjoyed the big event was the arrival of the man of the year as far as the boys and girls are concerned. Yes as usual the most popular man was Santa Claus and after seeing the gifts and good cheer that he dispensed on Friday evening we can readily see why he retains the affection and admiration of all young children.

Fawn Killed On Eagle Lake H'way

For some time now numerous complaints have been heard regarding the running of deer by dogs on the loose in the vicinity of the village of Haliburton.

On Saturday afternoon last a young fawn being pursued by no less than four dogs in the vicinity of Biagi's mill on the Eagle Lake highway jumped out on the road directly in front of a car driven by Keith Carnochan and was killed.

That this young fawn was destroyed was not the fault of the driver, Mr. Carnochan, but rather those thoughtless individuals who are permitting their dogs to run at large.

It might be pointed out that owners of dogs allowing them to run at large are liable to severe fines.

Noted conductor, composer, arranger and pianist, Neil Chotem is again busy with plans for one of his many musical assignments for the CBC. Equally at home with jazz, originating with his RCAF days, or in the concert hall with Bach, Beethoven, and Chopin, the versatile music director is also the composer of "Song of Solomon", which was broadcast on a CBC Wednesday night. At present, he is concentrating his efforts on the "Voice of the Army" show which returned to the air after its summer vacation recently. It can be heard Tuesday and Thursday evenings on the CBC Dominion network.

Notice

Remember that the third Monday night in each month is Home and School Meeting night.

At Christmas Time

AT Christmas Time I try to be
The nicest person I can be,
I do the dishes with an air
Of tenderness—that is quite rare,
And I will see there's spicy cookies
Iced for tea.

I hope there'll be a Christmas Tree
With many presents just for me,
Lipstick allure—and would you mind?
Gee-gaws—of the Paris kind,
A new hair-do, so I will look
A princess from a Fairy Book!

But, seriously, at Christmas Time,
When joy and Gladness fill the air,
I want to love and love and love,
And give to God my little share.

—Gloria Price.

The Currie report of investigations into the Department of National Defence spending was brought down in the House on Monday, and the winding up of the replies to the Speech from the Throne has taken second place. This report produced evidence of lavish spending, waste, stealing and extravagance. Mr. Currie is an outstanding accountant of Montreal, and was a former Deputy Minister of Defence. This has been the most drastic report on Government mishandling of public funds since the Beaucharnois steal under the MacKenzie King regime of 1927 which was brought to light in the early nineteen thirties. To say the least, the Prime Minister of today is very worried and perturbed.

I spoke to you over radio station CHEX, Peterborough and CFOR Orillia, Saturday, December 20, when I went into this report in more detail.

We are about to celebrate the birth of the greatest Man who ever lived, a Man who gave His life for our salvation. Let us all celebrate this great event in the proper manner. I pray that you will enjoy the finest Yuletide season ever.

To The Motorist

Here is a timely tip to you. The provincial police have orders to crack down on drunk and careless drivers. You will be wise to heed this warning. Care, courtesy and common sense in your driving will mean that the County will be free from accidents over this happy holiday season. If you drink—don't drive. If you drive—don't drink.

Why Wait For Appetite?

An Indian had gone to see the doctor, who, after examining him, told him to be careful about what he ate—in fact, not to eat at all until he got an appetite. Meeting the Indian a week later, the doctor asked how he felt.

"Oh, I feel fine now," he replied. "I wait one day, appetite no come, wait two day, appetite no come, wait three day, appetite no come, get so hungry eat anyway."

Who, Me?

Discussing his tennis technique, a very stout, amiable bald man panted:

"My brain immediately barks out a command to my body. 'Run forward speedily,' it says. 'Start right away! Slam the ball gracefully over the net, then walk slowly back!'"

"And then what happens?" he was asked.

"And then," replied the fat man, "my body says, 'Who, me?'"

Minden Rotary

Speaker of the evening was Thomas H. Newell who came to Minden to make his home several months ago and who is the father of Mrs. Jack Jackson and Dr. Edith Newell.

Being a resident of Saskatoon, Sask., for many years his subject was Saskatchewan and the West in general. Tracing its history from the building of the CPR he outlined that development was slow until about 1900 when immigration commenced in volume largely from central European countries. The grain growing area is roughly about 1,000 miles long by 400 miles north from the American border largely flat and large areas treeless.

He spoke of the tough times in the thirties when they had not only depression but drought. This showed that large areas are not suited to grain growing and have been returned to ranching. While conditions have been much better in the past 10 years there are still many hazards to agriculture such as grasshoppers, rust, hail and frost.

In recent years oil discovered and industrialization has put the West economy on a larger base to the betterment of all.

His talk was greatly enjoyed and he was thanked on behalf of the Club by Lawrence Pritchard.

The club also wishes to take this opportunity to thank those who took part in last week's entertainment "Shooting Stars". Their cooperation and assistance made the effort a success which resulted in a substantial amount of money being raised for community work.

—Thos. W. Brignall.

Reforestation

The Ganaraska River Conservation Authority continues to expand. An additional 1350 acres of submarginal farm land was purchased in 1952, making the total forest area now 5850 acres. Much of this area is covered with farm woodlot, requiring no planting. The open areas will be planted during the next few years.

To date 2,200,000 trees have been planted in the Ganaraska forest. It is intended to plant 400,000 trees in the Spring of 1953. The Authority is now over one-third of the way to its objective of a 20,000 acre forest, as set out when the Authority was initiated in 1946.
